

FIRE Series Overview

Price \$1750

The FIRE Series is designed for maximum flexibility and accessibility — perfect for developing programs or ensembles with uneven instrumentation. Every show includes professional-grade materials, adaptive scoring, and creative resources delivered digitally.

■ What's Included in Every Competitive Show

- Flexible Charts (Flex Band Scoring) — rearrange wind and percussion parts as needed for your ensemble.
- Flex Percussion Scoring — adaptable parts for small or full drum lines. (All shows work with or without mallets.)
- Electronic Sound Design (optional) — complete with setup instructions and sample files.
- Narration Audio (optional) — includes both male and female voice versions in most shows, plus the option to use live narration.
- All materials delivered digitally for immediate access and easy download.
- Full Ensemble MP3s — with and without click tracks.
- Flexible Drill Design PDF — multiple band-size options, coordinate sheets, and setup instructions.
- Pyware® Files Included — for full director customization.
- Musician and Color Guard Choreography — videos and instructions for every movement.
- Color Guard Costume and Flag Designs — available through Band Shoppe (custom and budget-friendly options).
- Copyright-Free Prop Artwork and visual design files.
- Prop suggestions.
- Show Logo (Vector File) — ready for T-shirts, signage, and marketing.
- Comprehensive Audio Package: Full show and separated movements; versions with and without FX (optional); versions with and without narration (optional); rehearsal-click versions.
- Full FX Package (optional) — includes samples and setup instructions.
- Permission to Record, Film, Perform, and Post on social media.
- Synchronization License Included.
- Helpful Production Tips and Setup Instructions.

■ Flexibility and Customization

- Built on a Flex-Score System — easily adaptable for any size or instrumentation.
- Includes a five-part XML file so you can create or modify arrangements as needed.
- Traditional and small-band scores also included — mix and match freely.
- Flexible Percussion Options — from simplified snare/bass-only writing to full battery and pit arrangements.
- Flexible Drill and Visual Design — adaptable for any ensemble size.
- Musician and Movement Choreography — provided for every movement, with shareable teaching videos.

■ The FIRE Series Manual

- Frequently Asked Questions.
- Detailed module breakdowns.
- Watering and adaptation strategies for varying skill levels.
- Percussion guide for different ensemble sizes (includes mallet-free options).
- Sound design and FX setup (optional), including recommended apps.
- Narration guide (optional) — with recorded options, live scripts, and setup steps..
- Copyright release documentation.
- Customization strategies to make each show uniquely yours.

■ Regional Exclusivity

Every FIRE Series show includes regional exclusivity, ensuring your program's show remains unique within your area.

■ Why Directors Love the FIRE Series

- Works for any instrumentation — small or large bands.
- Can be performed with or without FX, narration, or mallets.
- Blends flex and traditional scoring for unmatched versatility.
- Helps developing groups sound confident and full right away.
- Offers top-tier production quality at an accessible price.
