

COMPLETE CONCEPT  
S E R I E S

A decorative border with intricate gold-colored patterns on a dark blue background, framing the title.

# Tales of Scheherazade

**This iconic score by Rimsky-Korsakov comes to life on the marching field in a bold reimagining filled with fresh ideas and unexpected twists. The Tales of Scheherazade is not your traditional take – it's innovative, dramatic, and designed to captivate modern audiences. At its emotional core, Taylor Swift's Love Story becomes one of Scheherazade's own tales told to the sultan, blending classical power with contemporary romance.**

# BIG PICTURE
